Sangoma suite

POWERED BY Switchvox® Cloud

Budget-Friendly Cloud Business Communications Solution

Switchvox Cloud is a fully-featured Unified Communications as a Service (UCaaS) solution designed for single-site SMBs. Built to be user-friendly and intuitive, Switchvox Cloud allows users to get the most from their system with a range of features that accelerate your business.

Switchvox Cloud Features & Benefits

Switchvox Switchboard

Call control, collaboration, contact center features, and training tools – all in one. Provides a user customizable web-based interface accessible from anywhere in the world!

Workplace Flexibility

Today's hybrid environments require employees to be work-flexible - whether in the office, their home, or both - and still have full access to communication, collaboration, and productivity tools. Sangoma users can log in wherever they are!
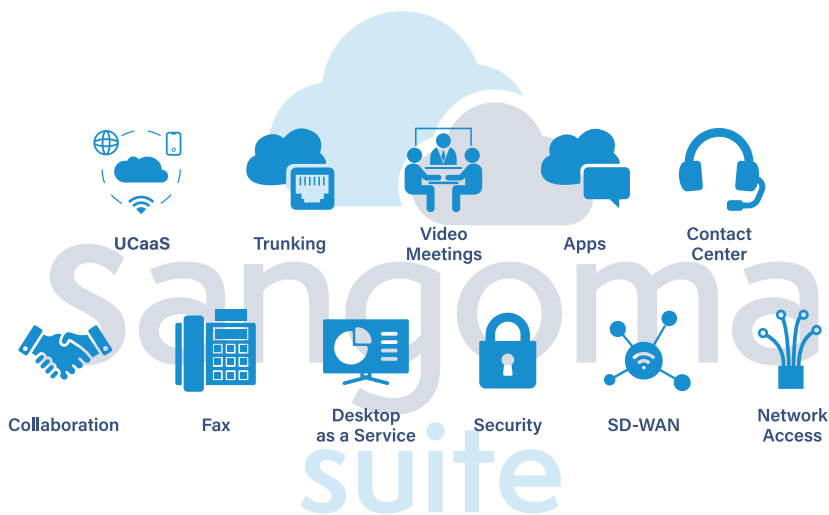

Integration with Your Existing Tools

Enable click-to-dial and screen-pop from within the tools you use, including Microsoft Teams and Outlook, Salesforce, Zendesk, and your web browser.

Easy to Manage

An intuitive point-and-click interface allows you to manage every aspect of Switchvox from anywhere you have Internet access. Empower your employees to manage their own status and voicemail boxes. You can easily view the "who, what, when, and where" of your business calls using Switchvox's extensive features.

Communicate Your Way

Take control of your business communications with Sangoma. With flexible pricing, discounts on multiple as-a-service products, and innovative features- you can pick the bundle that is right for your business and receive discounts on other services to round out your communications ecosystem!
